July 2022

Greetings to our fellow Democrat neighbors and friends, from Judy Berenson and Bob Golon, your elected Democratic County Committee persons for District 11 in Little Egg Harbor, and from the Great Bay Democrats organization.

The Supreme Court decision on *Roe v. Wade* is a clarion call to action in 2022. We are not asking for your money. We're asking for your active commitment to what is probably one of the most consequential elections in history — the 2022 District 2 Congressional Election. Democrat Tim Alexander is seeking to gain the seat currently held by Jeff Van Drew. Tim represents our values and our commitment to American democracy. Jeff Van Drew represents unending loyalty to Donald Trump and the MAGA zealots who are subverting our Constitution, our democracy, your right to choose, other constitutional rights, and our rule of law.

It is our mission to be your conduit for information from our county and local Democratic organizations. In the coming months, we'll be sending you information on 2022 General Election voting; voting by mail, early voting, and Election Day voting procedures. In the meantime, please start "talking it up" to your neighbors and friends — we need everyone's commitment to vote in the 2022 election, to make a stand against MAGA, and to help preserve our democracy. Please take note of these following web links from our Ocean County and local Great Bay organizations:

Please consider joining us as volunteers to help preserve our democracy by participating in this mission to get our majority to the ballot box in 2022. You can volunteer at either one of the above web sites, or come to a Great Bay Democrats meeting (3<sup>rd</sup> Monday of each month, Little Egg Harbor Community Center, 7 PM). All are welcome!
